CALIFORNIA TAN COLOR PERFECTING COMPLEX SOLUTION -

This solution is an anti-oxidant rich blend of seven natural colorants that enhances and darkens the skin's organic color and conceals imperfections. It includes a Triple Moisture Sensation that locks in moisture, triggering a hydration that reaches deep into the skin. The Color Perfecting solution has a natural blend of caramel as a cosmetic bronzer for immediate results and DHA and Erythrulose for delayed bronze color. Aloe Vera is added to help soothe, heal, and moisturize the skin for longer lasting color. The Breakthrough Fragrance Technology eliminates odor at the source, replacing mal odor with the Fresh & Sunny Fragrance. This scientifically formulated solution develops color like never before by flawlessly matching to every skin tone. One solution. All skin tones. Perfect results.
